Title: Chief Executive Officer and  
Chief Financial Officer of Capital GP L.L.C.

Dated: July 29, 2011

## CAPITAL PRODUCT PARTNERS L.P. ANNOUNCES SECOND QUARTER 2011 FINANCIAL RESULTS

ATHENS, Greece, July 29, 2011 — Capital Product Partners L.P. (the "Partnership") (NASDAQ: CPLP), an international owner of modern double-hull tankers, today released its financial results for the second quarter ended June 30, 2011.

The Partnership's net income for the quarter ended June 30, 2011 was \$15.1 million, or \$0.38 per limited partnership unit, which is \$0.32 higher than the \$0.06 per unit from the previous quarter ended March 31, 2011, and \$0.22 higher than the \$0.16 per unit from the second quarter of 2010. The Partnership's reported net income for the quarter includes a \$16.5 million gain from bargain purchase related to the purchase value of the M/V 'Cape Agamemnon' ('Cape Agamemnon') as the fair value of the vessel and the time charter exceeded the purchase consideration. In addition, we incurred \$2.7 million in general and administrative expenses related to the definitive merger agreement with Crude Carriers Corp. ('Crude Carriers') announced on May 5, 2011, the proxy statement on Form F-4 filed with the Securities and Exchange Commission and the completion of the acquisition Cape Agamemnon.

Operating surplus for the quarter ended June 30, 2011 was \$5.7 million, which is \$3.4 million lower than the \$9.1 million from the first quarter of 2011 and \$4.5 million lower than the \$10.2 million from the second quarter of 2010. The Partnership's operating surplus for the quarter reflects the significant general and administrative expenses incurred in relation to the merger with Crude Carriers and the completion of the acquisition of Cape Agamemnon. The reduction on the recommended reserves is also the result of the timing of the acquisition of Cape Agamemnon and the issuance of 7.1 million units to Capital Maritime & Trading Corp. ('Capital Maritime') on June 10, 2011 as part payment for that acquisition. Operating surplus is a non-GAAP financial measure used by certain investors to measure the financial performance of the Partnership and other master limited partnerships. (Please see Appendix A for a reconciliation of this non-GAAP measure to net income.)

Revenues for the second quarter of 2011 were \$27.9 million, compared to \$31.8 million in the second quarter of 2010. The Partnership's revenues reflect the lower charter rates at which it re-chartered a number of its vessels whose original charters expired during the previous quarters and the off hire of the M/T 'Amore Mio II' for the duration of its scheduled special survey and dry-docking.

---

Total operating expenses for the second quarter of 2011 were \$21.1 million, compared to \$18.6 million in the second quarter of 2010. The operating expenses for the second quarter of 2011 included \$7.9 million in fees for the commercial and technical management of the fleet paid to a subsidiary of Capital Maritime, \$8.2 million in depreciation and \$3.9 million in general and administrative expenses, of which \$0.6 million was a non-cash charge related to the Omnibus Incentive Compensation Plan. As discussed above, in the general and administrative expenses we include \$2.7 million related to the definitive merger agreement with Crude Carriers, the proxy statement on Form F-4 filed with the Securities and Exchange Commission and the completion of the acquisition Cape Agamemnon.

Net interest expense and finance cost for the second quarter of 2011 amounted to \$8.1 million compared to \$8.0 million for the second quarter of 2010.

As of June 30, 2011 the Partnership's long-term debt increased by \$25.0 million, which was used as part payment for the acquisition of the Cape Agamemnon, to \$499.0 million compared to long-term debt of \$474.0 million as of December 31, 2010. The Partners' capital stood at \$307.6 million, which is \$67.8 million higher compared to the Partner's capital as of December 31, 2010, following the issuance of 7.1 million units to Capital Maritime for the acquisition of the above mentioned vessel.

### **Fleet Developments**

The charter of M/T Agisilaos (2006 Built, Hyundai Mipo 36,760 DWT, Ice Class 1A) with Capital Maritime was extended for an additional period of twelve months (+/-30 days). The twelve month extension is fixed at a gross daily charter rate of \$13,500 (\$13,331 net) and the charter is subject to a profit sharing arrangement which allows each party to share, at a 50/50 percentage, additional revenues earned for breaching the Institute Warranty Limits. The earliest expected redelivery is June 2012.

The charter of M/T Arionas (2006 Built, Hyundai Mipo 36,725 DWT, Ice Class 1A) with Capital Maritime was extended for an additional period of twelve months (+/-30 days). The twelve month extension is fixed at a gross daily charter rate of \$13,800 (\$13,628 net) and the charter is subject to a profit sharing arrangement which allows each party to share, at a 50/50 percentage, additional revenues earned for breaching the Institute Warranty Limits. The earliest expected redelivery is September 2012.

---

## **Market Commentary**

Overall, in the second quarter 2011 the product tanker spot market saw a marked improvement, when compared to the second quarter of 2010, due to increased demand in the transatlantic and Caribbean markets and tighter vessel supply, which drove spot charter rates to a 30-month high.

The period charter market remained robust with increased activity for both shorter and longer term employment.

A number of recent modern product tanker sales reaffirmed an increase in asset prices, when compared to the same period last year, reflecting owners' expectations for an improving market rate environment.

The product tanker order book continued to experience substantial slippage into 2011, as less than 50% of the expected Medium Range ('MR') and handy size tanker new buildings have been delivered on schedule. As a result, the current product tanker order book is considered amongst the most attractive in the shipping industry.

The crude tanker market remained soft compared to the same quarter last year, due to increased tonnage availability in most trading areas and high refinery outages throughout the second quarter of 2011.

## **Quarterly Cash Distribution**

On July 22, 2011, the Board of Directors of the Partnership declared a cash distribution of \$0.2325 per unit for the second quarter of 2011, in line with management's annual guidance. The second quarter 2011 distribution will be paid on August 15, 2011 to unit holders of record on August 4, 2011.

## **M/V 'Cape Agamemnon' Acquisition**

On June 10, 2011, the Partnership completed the acquisition of the dry cargo vessel M/V 'Cape Agamemnon' (179,221 dwt, built 2010, Sungdong Shipbuilding & Marine Engineering Co., Ltd., South Korea) from Capital Maritime, including a 10-year highly attractive time charter.

As previously announced, as part of the consideration for the acquisition of the M/V Cape Agamemnon, the Partnership issued 7,100,000 CPLP common and GP units to Capital Maritime based on a \$10.35 price per unit and paid \$25.0 million in cash funded from a new credit facility provided by Credit Agricole Emporiki Bank. The new facility is non-amortizing until March 2013 and is priced at LIBOR plus 3.25%.

---

The purchase value of Cape Agamemnon of \$83.5 used in our financial statements is calculated based on the issuance of the common units at their closing price of June 9<sup>th</sup>, 2011 i.e. \$8.20 per unit.

### **Merger Agreement Update**

As announced on May 5, 2011, the Partnership entered into a definitive agreement to merge with Crude Carriers in a unit for share transaction. The exchange ratio was set at 1.56 CPLP common units for each Crude Carriers share. CPLP will be the surviving entity in the merger and will continue to be structured as a master limited partnership but will remain a corporation for US tax purposes and unit holders will continue to receive a 1099 form. The Partnership expects that the merger will be completed during the third quarter of 2011.

### **Management Commentary**

Mr. Ioannis Lazaridis, Chief Executive and Chief Financial Officer of the Partnership's General Partner commented: "We are pleased to have entered into two very important transactions during the course of the second quarter of 2011, the definitive merger agreement with Crude Carriers and the acquisition of the Cape Agamemnon, whose full impact on the Partnership's results is expected from the fourth quarter onwards. We believe that our future distribution growth will be enhanced through the combination of these two transactions. We are also pleased to see a continuous improvement in product tanker earnings compared to the more subdued levels experienced in 2009 and 2010. The continued 'slippage' observed in product tanker deliveries combined with the recovery in demand for oil products, bodes well for the prospects of the product tanker market in the medium to long run. Given the company's modern, high specification product tanker fleet, our ability to conduct spot and period business with most oil majors and traders and the Partnership's track record of performance, we expect to be in a favorable position to capitalize on these developments."

### **Conference Call and Webcast**

Today, July 29, 2011 at 10:00 a.m. Eastern Daylight Time (U.S.), the Partnership will host an interactive conference call.

Conference Call details:

Participants should dial into the call 10 minutes before the scheduled time using the following numbers: 1(866) 819-7111 (from the US), 0(800) 953-0329 (from the UK) or + (44) 1452 542 301 (Standard International Dial-in). Please quote "Capital Product Partners."

---

A replay of the conference call will be available until August 5, 2011. The United States replay number is 1(866) 247-4222; from the UK 0(800) 953-1533; the standard international replay number is (+44) 1452 550 000 and the access code required for the replay is: 69648481#.

Slides and audio webcast:

The slide presentation accompanying the conference call will be available on the Partnership's website at [www.capitalplp.com](http://www.capitalplp.com). An audio webcast of the call will also be accessible on the website. The relevant links will be found in the Investor Relations section of the website.

**Forward-Looking Statements:**

The statements in this press release that are not historical facts, including our expectations regarding the completion of the merger with Crude Carriers, developments in the markets, our expectations regarding the results of the merger and the acquisition of the Cape Agamemnon, the employment of our vessels and their charters and expectations regarding our quarterly distribution may be forward-looking statements (as such term is defined in Section 21E of the Securities Exchange Act of 1934, as amended). These forward-looking statements involve risks and uncertainties that could cause the stated or forecasted results to be materially different from those anticipated. Unless required by law, we expressly disclaim any obligation to update or revise any of these forward-looking statements, whether because of future events, new information, a change in our views or expectations, to conform them to actual results or otherwise. We assume no responsibility for the accuracy and completeness of the forward-looking statements. We make no prediction or statement about the performance of our common units.

**Appendix A — Reconciliation of Non-GAAP Financial Measure**  
**(In thousands of U.S. dollars)**

Description of Non-GAAP Financial Measure — Operating Surplus

Operating Surplus represents net income adjusted for non cash items such as depreciation and amortization expense, unearned revenue and unrealized gain and losses. Replacement capital expenditures represent those capital expenditures required to maintain over the long term the operating capacity of, or the revenue generated by, the Partnership's capital assets. Operating Surplus is a quantitative standard used in the publicly-traded partnership investment community to assist in evaluating a partnership's ability to make quarterly cash distributions. Operating Surplus is not required by accounting principles generally accepted in the United States and should not be considered as an alternative to net income or any other indicator of the Partnership's performance required by accounting principles generally accepted in the United States. The tables below reconcile Operating Surplus to net income for the three-month period ended June 30, 2011.

<b>Reconciliation of Non-GAAP Financial Measure - Operating Surplus</b>	<b>For the three-month period ended June 30, 2011</b>
Net income	\$ 15,147
<b>Adjustments to reconcile net income to net cash provided by operating activities</b>
